

Future VertiFarm

Future VertiFarm is located in Bajiao Community, Yongning Town, Wenjiang District, Chengdu. The project covers an area of 230 acres. Chengdu Wenjiang XingrongXi City Operation Group Co., Ltd. has invested 76 million RMB to build a future vertifarm theme park, including an Intelligent Plant Factory (1500 square meter), a Closed Seedling Factory (1000 square meter), a Natural Light Plant Factory (20 acres) and 5 Mobile Plant Factories, which has become a significant demonstration park presenting plenty commercial and consumption scenarios of vertical farm.

On May 22nd, we could show you part of the future vertifarm, a mobile plant factory commercial scene, including a Coffee Plant Factory, a Community station plant factory, a Science Education Plant Factory, a Pasture Plant Factory, and a Strawberry Plant Factory.
